

Model : CGO00918

C2G-5ft Cat6 Snagless Shielded (STP) Network Patch Cable - White - Category 6 for Network Device - RJ-45 Male - RJ-45 Male - Shielded - 5ft - White

Manufacturer : C2G

Category 6 for Network Device - RJ-45 Male - RJ-45 Male - Shielded - 5ft - White Protect a high speed network from noise and electromagnetic interference when connecting with our Snagless Shielded Cat6 patch cable. For voice/data/video distribution, this cable will handle bandwidth-intensive applications and drastically reduces both impedance and structural return loss (SRL). Each patch cable is fully tested to meet ANSI/TIA 568 C.2 Cat6 component requirements. Each of the individual pairs is bonded together to help maintain the twist-spacing throughout the line right up to the termination point. Constructed from high quality cable and plugs, this design minimizes Near-End Crosstalk (NEXT) levels. Available in a variety of colors to easily color-code a network installation. Individual length label on each cable for ease of use. Additional Item Details Item Number: CGO00918 Brand Name: C2G Product Type: Network Cable Product Line: Steel Product Series: 4 Country of Origin: China UNSPSC: 26121609 Assembly Required: Recycled Product: Post Consumer Material: 79% Recycled: 100% General Information Manufacturer:C2G Manufacturer Part Number:00918 Manufacturer Website Address:<http://www.cablestogo.com> Brand Name:C2G Product Name:5ft Cat6 Snagless Shielded (STP) Network Patch Cable - White Marketing Information:Protect a high speed network from noise and electromagnetic interference when connecting with our Snagless Shielded Cat6 patch cable. For voice/data/video distribution, this cable will handle bandwidth-intensive applications and drastically reduces both impedance and structural return loss (SRL). Each patch cable is fully tested to meet ANSI/TIA 568 C.2 Cat6 component requirements. Each of the individual pairs is bonded together to help maintain the twist-spacing throughout the line right up to the termination point.
