3.3 mm Lead Diameter - Assorted Lead - Wood Barrel - 12 / Set Color pencils are an indispensable tool at home and in the classroom. They are ideal for creating and coloring maps, completing art or science projects, and making signs and labels. Pre-sharpened pencils have an easy-to-grip design for better control and are made with thick, soft lead so they won't break easily under pressure. The smooth colors are perfect for color mixing and blending as well as for practicing more detailed techniques. These pencils are created from reforested wood instead of wood from old-growth forests.
