

Model : PGC15536

Cascade Platinum ActionPacs - For Glassware, Dish, Dishwasher - Pod - Recommended For: Residue Remover, Dried-on Food Remover - Enzyme Activated - Silver - 26 - 1 Bag

Manufacturer : Procter & Gamble

For Glassware, Dish, Dishwasher - Pod - Recommended For: Residue Remover, Dried-on Food Remover - Enzyme Activated - Silver - 26 - 1 Each

Cascade Platinum ActionPacs dishwasher detergent scrubs away dried-on food, no pre-washing required. Quick-dissolve formula starts cleaning right away. While cleaning pods release Dawn's soaking power, food-seeking enzymes latch on and break down food into tiny particles that can easily flow right down the drain. Powerful cleaner lets you skip the pre-wash, saving up to 20 gallons of water per dishwasher load. Detergent removes both visible and invisible residues, leaving dishes and glassware sparkling.
